This will be a very long day. It is important to stay flexible, calm, and properly hydrate and eat. Also, it has been brought to my attention that as we continue to travel long distances this season, the bus behavior is increasingly getting louder and less professional. Please keep in mind how a Blackhawk Brigade member should act. Due to COVID, we have elected not to have chaperones on the busses this season. Please make sure you are acting appropriately and professionally. Yelling loudly, doing things to seek attention, and being obnoxious is not professional. Please make sure we address this issue this week.

As always, bring black socks, snacks/food, something to entertain yourself, and a good attitude. Our season is down to two weeks. We have made great progress so far. Let's keep going!

Practice this week - Winds Monday and Wednesday in the Elementary gym 7th period - 5:00 p.m. (Monday) and 7th period - 4:30 (Wednesday). Percussion Thursday & Friday 7th period - 5:00 p.m.
