**Tuesday During Band Class** - State Week Catered Meal during 7th period class. Don't eat a big lunch. There was supposed to be winter percussion practice on Tuesday. All three winter ensembles have advanced to State Finals. This is a huge honor for the band program and all of the students, staff and parents that have added to the rich tradition of our program. We have taken our "Plan B" and succeeded. Well done!

Always remember what it takes to get to this level of competition. Remember all of the sacrifice, hard work, dedication, and expense that was needed to arrive at this moment. This band has added itself to a storied tradition. From this moment on, future members of the Blackhawk Brigade will see "2020" when they see the semi. Future students will look at this year's band as an example of success. This is something that cannot be taken away from this band. No judge, rating, ranking, placement, or comment can ever take this honor away from the students. We have already been successful this season and our goals of improving have been met. Enjoy State Finals and do not get too discouraged or excited with the placing. However, DO get excited and encouraged to produce the best performance of the season and possibly of our program's history. We have faced a global pandemic and we have carried on. You should all be proud!

Remember – Luck is where preparation meets opportunity. Our preparation is complete! It is now time to take advantage of the opportunity in front of us.

**"We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard. Because that goal will serve to organize and measure the best of our energies and skills. Because that challenge is one that we are willing to accept, one we are unwilling to postpone, and one which we intend to win, and the others, too."**
